

ACABOTS

2023 Sponsorship infographic

About the Team

We are a student-run club team competing in FIRST Robotics Competition(FRC) and FIRST Tech Competition(FTC). Founded in 2018, our club strives to educate and inspire students to push the boundaries of classroom learning. Together we foster a collaborative environment for aspiring engineers.

Mission Statement

Inspire young minds to pursue a future in STEM by developing intelligent citizens who have teamwork and problem solving skills.
